

SAVE TIME AND MONEY!

Avoid long waits at the Emergency Room and reduce your out-of-pocket costs by utilizing Telemedicine and Urgent Care Centers for ailments that are not life-threatening. Both of these options provide fast, effective care—when you need care fast.

KNOW WHERE TO GET CARE

Visits to the ER can be very costly, so before you go to the ER, consider whether your condition is truly an emergency or if you can receive care from Telemedicine or at an Urgent Care Center instead.
